PROFESSIONAL SUMMARY

B.Sc. Information Technology graduate (University of Mumbai) seeking a Software Tester role. Hands-on experience in Python, SQL, MySQL, JavaScript and web application development, with practical exposure to the Software Development Life Cycle (SDLC), debugging, database validation and version control using Git and GitHub. Strong analytical and problem-solving skills, clear written and verbal communication, and a keen interest in learning testing tools and Agile practices.

TECHNICAL SKILLS

Testing: Manual Testing, Test Case Creation, Test Plans, Regression Testing, Bug Reporting, Defect Tracking, Test Data Preparation, Debugging
Methodologies: SDLC, Agile Methodology, Software Testing Life Cycle (STLC)
Programming Languages: Python, C
Database: MySQL (queries, joins, CRUD operations, data validation)
Web Technologies: HTML5, CSS3, Bootstrap
Tools: GitHub, Git, VS Code, MS Excel
Concepts: Object-Oriented Programming (OOP), DBMS, Web Development

INTERNSHIP EXPERIENCE

Web Development Intern | Toeliner Online Services Pvt. Ltd. Jun 2025 – Jul 2025

- Worked on live web projects within an SDLC environment, collaborating with the development team to build responsive, user-friendly web applications.
- Tested and debugged web pages, identified issues and verified fixes to maintain high-quality coding standards.
- Used HTML, CSS, JavaScript, Bootstrap, Python, MySQL and GitHub to build dynamic pages and integrate databases.
- Optimized website performance and validated database-driven functionality.

IT Education & Training Intern | Kolte Computer Training Center, Ratnagiri Apr 2025

- Delivered training sessions to students in the MS-CIT course (21 days, 147 hours), covering computer operations and fundamentals.
- Completed as part of the B.Sc. IT curriculum, University of Mumbai.
- Strengthened communication, documentation and presentation skills by explaining technical concepts clearly.

PROJECTS

Scan-N-Dine – QR-based Canteen Management Web Application |Python, HTML5, CSS3, JavaScript, MySQL

- Developed a web application to digitize canteen food ordering and improve efficiency.
- Designed and implemented a MySQL database for users, menus and orders; validated data through SQL queries.
- Tested application workflows, fixed defects, and managed code with Git and GitHub throughout the project lifecycle.

Cafe Management System – Desktop Application |Python, MySQL

- Built a billing and customer management application with full CRUD operations using MySQL.
- Applied OOP principles to produce modular, maintainable code; tested features and resolved bugs.

EDUCATION

B.Sc. Information Technology | Gogate Jogalekar College, University of Mumbai 2023 – 2026
Higher Secondary Certificate (HSC); Secondary School Certificate (SSC)

SOFT SKILLS

Analytical Thinking, Problem Solving, Teamwork, Communication, Adaptability, Time Management, Attention to Detail
